

# PURINA<sup>®</sup> RACE READY<sup>®</sup>

RACE HORSE FORMULA SWEET FEED

## PERFORMANCE NUTRITION FOR THE WINNING RACEHORSE

On today's racetrack, seconds mean the difference between 1st place and "also ran." Equine athletes must have high-quality nutrition, scientifically formulated to give them the race-ready edge that will allow them to move ahead of the competition. Race Ready<sup>®</sup> Race Horse Formula Sweet Feed from Purina<sup>®</sup> does exactly that. Purina<sup>®</sup> Race Ready<sup>®</sup> Horse Feed provides the calories required for top speed and endurance from three different energy sources: fats, fibers and soluble carbohydrates. A highly digestible, energy-dense feed, Purina<sup>®</sup> Race Ready<sup>®</sup> Horse Feed maximizes performance while minimizing the opportunity for digestive upset.

### CONTAINS THE PROPRIETARY PURINA<sup>®</sup> AMPLIFY<sup>®</sup> NUGGET

Thanks to extensive research and field testing, Purina has learned how certain nutritional advantages can help horses be more active and productive during their lifetimes, even with the added stress of training regimens and performance expectations.

The Purina<sup>®</sup> Amplify<sup>®</sup> Nugget is a palatable, high-fat, extruded particle providing calories for weight gain, performance, lactation and sales prep in a nutritionally balanced formulation that has controlled carbohydrate levels.

This proprietary feed supplement can be found only in Purina<sup>®</sup> Horse Feeds including Race Ready<sup>®</sup> Horse Feed.

#### PURINA<sup>®</sup> AMPLIFY<sup>®</sup> NUGGET FEATURES:

- Balanced nutritional fortification
- Palatable, extruded particle for easy digestion and calorie absorption
- Proprietary blend of vegetable oils, flax seed and rice bran create an optimal fatty acid profile
- No trans-fats
- Added amino acids help promote healthy hair coats, skin and hooves
- Calorie dense formula provides more calories per mouthful, allowing you to feed less

#### FEATURE

#### BENEFIT

**Energy Dense Formula with Beet Pulp** Allows you to feed less, reducing the risk of digestive upset while enhancing performance at all distances.

**Contains the Purina<sup>®</sup> Amplify<sup>®</sup> Nugget** A proprietary high-fat extruded nugget that contains a proprietary blend of vegetable oils, flax seed and rice bran for performance, shine and bloom.

**Balanced Nutrition** Supplies optimal levels of all nutrients required by the racehorse. No supplemental energy sources, oils, vitamins or minerals needed.

**Added Thiamin** Helps enhance energy metabolism for fast recovery.

**Multiple Energy Sources** A precise blend of fat, fermentable fibers and soluble carbohydrates to support high performance.

**Added Antioxidant Vitamin E** Helps exercising horses maintain muscle health and performance.

**Extreme Palatability** With high molasses and oil content for optimal intake, satisfying even the pickiest eater in your stable.

**Vitamin and Mineral Fortification** Provides 100% of the required vitamins and minerals when fed as directed.\*

**Concentrate Feed** Designed to be fed with hay or pasture.

\*Based on "Nutrient Requirements of Horses Sixth Revised Edition-2007" published by the National Research Council

 **PURINA**  
**RACE READY**  
RACE HORSE FORMULA SWEET FEED

**ENERGY DEMANDS** in the race horse are extremely high, so the delivery of additional calories becomes paramount. This additional digestible energy must be provided in a manner that maximizes performance while helping to minimize health risk. Purina® Race Ready® Horse Feed safely delivers a large amount of energy to these hard-working athletes, by distributing the calories over several sources (vegetable oils, digestible fiber such as beet pulp, high quality natural grains and molasses). Research has shown that the utilization of vegetable oils and more soluble fibers, such as beet pulp, can be of benefit to the hardworking equine athlete.

**FEEDING DIRECTIONS**

Start with the amounts given for the weight and class of horse. After observing the horse, the amount fed may be increased or decreased by 10% to maintain the desired body condition. Changes in the rate of feeding should not exceed one pound per day for each horse. Always feed a minimum of 1% of body weight of good quality, clean hay or pasture. Salt should always be fed free-choice to all horses.

HORSE BODY WEIGHT (lbs)	800	900	1000	1100	1200	1300	1400
<b>MINIMUM HAY OR EQUIVALENT PASTURE</b>	8.0	9.0	10.0	11.0	12.0	13.0	14.0
	(lbs/day)						
<b>MODERATE WORK</b>	7.5	8.5	9.5	10.0	11.0	12.0	13.0
	Race Ready® Horse Feed (lbs/day)*						
<b>HEAVY WORK</b>	11.5	13.0	14.0	15.5	17.00	18.5	20.0

\*1 pound of feed = 1 quart of feed
